

**COLORADO**  
Department of Health Care  
Policy & Financing

Dear Provider,

After the transition to the new Colorado interChange system, outlier days were not calculated for payment. This issue was resolved on 3/9/17, however, inpatient claims that were originally processed between 3/1/17 and 3/9/17 may not have paid the outlier days.

Providers are advised to resubmit the affected claims.

Thank you,

Health First Colorado (Colorado's Medicaid Program)
