Director's Interpretations of Issues Impacting the Colorado Workers' Compensation System

In an effort to provide guidance on the practical applications of the Colorado Workers' Compensation Act, we are publishing Director's interpretations of statutes and other factors affecting the system, in the form of *Interpretive Bulletins*. The purpose is to provide greater levels of consistency and predictability as to how the Colorado system is intended to operate. While the opinions do not have the force and effect of rule, they are offered as navigational tools to clarify and simplify processes, create efficiencies and to reduce litigation.

If you have questions regarding this information or issues you would like to see addressed in future bulletins, please direct your inquiries to Paul Tauriello, Director of the Division of Workers' Compensation, at 633 17th St., Suite 400, Denver, CO 80202-3660, fax 303.318.8632, or e-mail at paul.tauriello@state.co.us.

Colorado Workers' Compensation Fee Schedule Implementation Data (CWCFSID) Rule 18 Medical Fee Schedule, Effective January 1, 2009

**Release Date: October 1, 2008
Revision Date:**

For medical services rendered after January 1, 2009, Rule 18 makes a number of references to medical procedures. This interpretive bulletin identifies *Current Procedural Terminology* (CPT®) codes for many of those procedures and identifies the citations within Rule 18 where these CPT® codes logically fit into that language. There are a few instances in *Relative Values for Physicians* (RVP©) with no assigned relative value units (RVU) where the Division believes it would be appropriate to provide reasonable values. These codes are referenced in the paragraphs below under their respective sections of the RVP©. The full text of Rule 18 can be found on the Division's webpage under "Rules of Procedure."

The five character codes included in the *Colorado Workers' Compensation Fee Schedule Implementation Data* are obtained from CPT®, copyright 2007 by the American Medical Association (AMA). CPT® is developed by the AMA as a listing of descriptive terms and five character identifying codes and modifiers for reporting medical services and procedures performed by physicians.

The responsibility for the content of *Colorado Workers' Compensation Fee Schedule Implementation Data* is with the Colorado Division of Workers' Compensation (DWC) and no endorsement by the AMA is intended or should be implied. The AMA disclaims responsibility for any consequences or liability attributable or related to any use, nonuse or interpretation of information contained in *Colorado Workers' Compensation Fee Schedule Implementation Data*. Fee schedules, relative value units, conversion factors and/or related components are not assigned by the AMA, are not part of CPT® and the AMA is not recommending their use. The AMA does not directly or indirectly practice medicine or dispense medical services. The AMA assumes no liability for data contained or not contained herein. Any use of CPT® outside of *Colorado Workers' Compensation Fee Schedule Implementation Data* should refer to the most current *Current Procedural Terminology* manual which contains the complete and most current listing of CPT® codes and descriptive terms. Applicable Federal Acquisition Regulations Supplement/Defense Federal Acquisition Regulations Supplement (FARS/DFARS) apply.

Rule 18, effective January 1, 2009

In some instances of high frequency services, the 2008 RVP© has not established RVUs. In other cases, RVP© RVUs have not been adopted. The Division considers the following RVU values would be appropriate:

The conversion factors (CF) found in Rule 18-4 are listed here with their applicable code ranges for your convenience. Maximum reimbursement is calculated by multiplying the respective CF by the RVU from the RVP©.

Rule 18-6(J)

Outpatient surgery facility fees for both hospitals and ASCs are based upon Medicare's APC system. To assist in the determination of the appropriate APC Grouper under Rule 18-6(J)(3)(c), a list of CPT® codes and their respective APC Grouper is given in the "Exhibit for Outpatient Surgery Facility Codes and Fees" to this interpretive bulletin. Grouper code 210, found in that exhibit, was created by DOWC to reimburse CPT® spinal fusion codes not listed in Medicare's Addendum B. For CPT® codes not contained in that Exhibit, refer to Rule 18-6(J)(3)(c).

The Addendum B can be found on Medicare's Hospital Outpatient Prospective Pay Systems (PPS) website. The address as of September 25, 2008 was:

<http://www.cms.hhs.gov/HospitalOutpatientPPS/AU/list.asp?filterType=none&filterByDID=-99&sortByDID=1&sortOrder=ascending&listpage=3>

Facility fees for the following outpatient surgery arthrogram and myelogram injection codes are best billed by using the corresponding radiology code with an appropriate modifier [see Rule 18-6(J)(3)(c)(3)]:

<u>Surgery Code</u>	<u>Radiology Code</u>
23350	73040
25246	73115
62284	72240-72270

62291	72285 for each level

Rule 18-6(M)(3)(d)

Outpatient emergency room department (ERD) facility fees, ERD levels 1-5 are billed using E&M codes 99281-99285 as required by Medicare. When billed on a UB-92, the billing of these codes should not be confused with the professional services of the physician.
