Notes:

- 1) Source for all caseload data provided is the REX01/COLD (MARS) R-474701 report. The number of days captured in the monthly figure is equal to the number of days in the report month.
- 2) "HMO Average" line includes all risk-based managed care, such as Health Maintenance Organizations (HMO) and Program of All-Inclusive Care for the Elderly (PACE). "PIHP Average" line includes non-risk based managed care, such as Prepaid Inpatient Health Plans. "ACC Average" is the Accountable Care Collaborative.
- 3) In the July 2014 JBC Premiums Report MAGI Adults to 68% average caseload for FY 2013-14 was mis-stated. Average caseload was listed as 122,420 incorrectly, it is now correctly calculated at 124,680
- 4) In January 2014, 309 clients were moved from BCCP to MAGI Adults. The Department has adjusted historical caseload to show these clients in the BCCP eligibility and not in the MAGI Adults eligibility category.

Total Year-to-Date Average	1,050,028	255,191	299,110	360,115	128,596	3	7,015
Total Year-to-Date Appropriation	976,783						

Notes:

- 1) "Other" category includes clients enrolled in the Program of All-Inclusive Care for the Elderly and clients ineligible for Medicaid Mental Health Benefits.
- 2) Starting 7/1/2014 Colorado Access now covers the area formally covered by Northeast Behavioral Health (NBH). For expenditure and caseload statistics both coverage areas are reported under Colorado Access.
- 3) Source for all caseload data provided is the REX01/COLD (MARS) R-474701 report except for the Colorado Access NE which is reported using paid capitation claims. The number of days captured in the monthly figure is equal to the number of days in the report month. The Medicaid Mental Health caseload is the same as the caseload for Medical Services Premiums, with the exception of Non-citizens and Partial Dual Eligibles.

Notes:								
1) All children's caseload reporting includes the CHP+ at Work program.								
2) Caseload has been restated for Children above 200% FPL and Prenatal above 200% FPL back to January 2014 and going forward. Due to the MAGI conversion in January 2014, clients that are 201%-205% FPL's can not be explicitly identified. The Department is using a rolling 6 month average (prior to the MAGI conversion) of the proportion of clients that are 201%-205% and 206%-250% FPL and applying this distribution to the total caseload that is above 200% FPL.								
3) FY 2014-15 Year-to-Date Appropriation includes FY 2014-15 Long Bill HB 14-1336 and Special Bills.

Notes:
1) DIDD State Only Supported Living Services Caseload data was not available for July 2014 as of the time of this report.
2) Historically, DIDD State Only Programs do not have expenditures in accounting period 1. They do, however, have historical expenditures in periods 02 through 13.
3) Family Support Services Program does not have a caseload appropriation. Services are rendered on a case-by-case and as needed basis.
