A healthy partnership

At Kaiser Permanente, your personal physician is the biggest advocate for your health. You choose your own doctor, and that doctor coordinates your care with specialists as needed.

Choose your doctor – and change anytime

Connecting you with a doctor who suits your needs is our top priority. At kp.org/searchdoctors, you can find information on a wide range of top-notch Kaiser Permanente physicians, including their education, credentials, and specialties.

You can choose your doctor from:

- Adult medicine/internal medicine
- Family medicine
- Pediatrics/family medicine (for children up to 18)

Select one doctor for your whole family or a different doctor for each family member. You can also change your doctor anytime.

Quality care starts with quality doctors

No matter which Kaiser Permanente physician you choose, your health is in highly capable hands. Our doctors come from top medical schools, and many teach at world-renowned universities.

Since we hire and train our own doctors, they are all held to the same quality standards and committed to the same vision: making lives better by being your trusted partners in total health.

Culturally responsive care for diverse communities

We believe nothing should stand between you and total health. That's why we provide care that's sensitive to the various ethnicities, cultural values, and languages of our members. To do this, we:

- Focus on hiring doctors and staff who speak more than one language.
- Offer interpretation services in 150+ spoken and signed languages.
- Train our providers in how to connect with, and care for, people of all backgrounds.

Through our culturally responsive care programs, we've been able to improve health outcomes among diverse populations for conditions like high blood pressure, diabetes, and colon cancer.²

Coordinated and connected care

Your Kaiser Permanente doctor, nurses, and other specialists work together as a team, sharing information to give you the care you need. They're connected to each other, and to you, through your electronic health record. They know your medical history, test results, medications, and allergies. So you get personalized care.

Did you know?

In 2015, Kaiser Permanente led the nation in 21 quality care measures, including controlling high blood pressure; managing diabetes, breast, and colon cancer screenings; and providing nutrition and exercise counseling for children.³ To learn more, visit thrive.kp.org/quality.

Great care, great results

Get the care you need to get and stay healthy. From preventive screenings to care for serious conditions, we've got you covered. And your care is backed by cutting-edge research and advanced medical technology.

Preventive care to keep you healthy

We believe prevention plays a vital role in health care. That's why we offer so many resources to help you stay healthy and happy, and avoid getting sick. (For examples, see "Healthy resources" on page 6.)

To catch problems early, we offer preventive screenings, routine appointments, and more. Your electronic health record plays a key role in this, tracking the services you get and reminding your doctor when you're due for care.

Comprehensive care when you need it

Along with our commitment to prevention, we're here for you if you get sick. You get great doctors, state-of-the-art facilities, and the latest technology – all combined to help you recover quickly.

If you have a condition like diabetes or heart disease, we'll work with you to manage it using proven best practices and treatment guidelines. Our well-rounded approach supports you physically and emotionally to help you continue living life to the fullest.

Advanced research working for you

We're always looking to improve care for our members. Through our ongoing medical research, we discover new and better ways to prevent and treat illness.

To make this work possible, we have:

- More than 4,500 studies underway.
- 7 regional research centers and 1 national center.
- More than 1,200 research staff members.

As one of the nation's largest research programs, we conduct and share our learnings from groundbreaking studies and clinical trials. Our areas of focus span a wide range of health issues, including cancer, heart disease, diabetes, childhood obesity, and autism. Learn more at share.kp.org/research.

Satisfied members, year after year

For the 9th straight year, our health plan was named "Highest in Member Satisfaction" among Colorado Commercial Health Plans by J.D. Power and Associates. Now in its 10th year, the study measures satisfaction among members of 135 health plans in 18 regions throughout the United States by examining 6 key factors: coverage and benefits; provider choice; information and communication; claims processing; cost; and customer service.⁴

Care the way you want it

From the way you interact with your doctor to the device you use to stay on top of your care, you've got many convenient options.

Choose how you connect to care

In person

Because most of our locations offer many services under one roof, you can see your doctor, get lab services and X-rays, and pick up your prescriptions – all in one trip.

By phone

Where telephone appointments are available, you can save yourself a trip to our medical offices and talk with your doctor by phone. And if you're not sure what kind of care you need, you can also call our advice nurses 24/7.

By email

For nonurgent questions, you can simply email your doctor's office. You'll get a reply usually within two business days, if not sooner. You can also email a pharmacist for questions about medications, or Member Services for questions about your benefits.

By video

For some conditions and symptoms, you can connect with your doctor face-to-face by video – from your computer, smartphone, or tablet.

Choose how you manage your care

At home

Stay on top of your care from home or work 24/7 through My Health Manager at kp.org. View your medical record, refill most prescriptions, schedule and cancel routine appointments, get vaccination records, pay medical bills, and more.

On the go

Wherever you are, you can access most features of My Health Manager on any mobile device through the KP app.⁵ You can also find a facility near you and get directions. Learn more at kp.org/mobile.

Care for a range of needs

Get the right care for any situation. Have an urgent care need? Want health advice after hours? Support is just a call or click away.

Quality care, when and where you need it

Emergency care

If you ever need emergency care, you're covered – anywhere, anytime.⁶ You can get care at any Kaiser Permanente or non-Kaiser Permanente hospital emergency department.

Urgent care

If you have urgent care needs, we're here for you. You can walk into a contracted urgent care facility for an illness or injury that requires prompt attention, but is not an emergency. You can also call our advice nurses, who will assess your situation and help you decide what to do.

Specialty care

Need to see a specialist? We have one of the largest multispecialty medical groups in the country, so you get access to the right specialist quickly. You don't need referrals for specialty consultations with our affiliate providers.

24/7 nurse advice

If you're not sure what kind of care you need, you can call our advice nurses anytime. They'll help you figure out what type of care is best for your symptom or condition, help you decide where to go for care, and even schedule a routine appointment for you with your Kaiser Permanente physician, if appropriate.

Travel care

If you get sick or injured while traveling, we can help you get care. We can also help you prepare for travel by checking if you need a vaccination, getting you a prescription refill before you leave, and more. Just call our 24/7 Away From Home Travel Line at **951-268-3900**⁷ or visit **kp.org/travel**.

Healthy resources

Good health goes beyond the doctor's office. Take a look at all the healthy tools and resources available online, by phone, and at our facilities – and choose the ones that work for you.

Locations near you

It's easy to get the care you and your family need. There are many Kaiser Permanente facilities and affiliate providers in your area, offering convenient hours and a wide range of care and services.

Easy access for easier care

With convenient hours and locations, it's simple to get the care you and your family need. Many of our locations offer same-day, next-day, extended hours, and weekend services.

Most of our facilities offer a variety of care and services, so you can take care of several health care needs in one visit. You can see your doctor or specialist, get a lab test or an X-ray, and pick up your medications – all without leaving the building.

Getting care anywhere

With more than 1,100 Kaiser Permanente providers at 30 Kaiser Permanente medical offices in Colorado and a local network of providers to choose from, you're sure to find one near your home or work – whatever's best for you.

You can also see different doctors at different locations, either for yourself or your family. For example, you can choose a personal doctor close to work, and your child can see a pediatrician near school.

Finding convenient locations

Choosing the right location is as easy as hopping online or pulling out your smartphone.

- Visit kp.org/kpfacilities to search by ZIP code, keyword, or the service you want.
- To search with your smartphone or mobile device, use our location finder on the Kaiser Permanente app.⁵

See the next page for a list of our locations in your area.
