August 12, 2020

Dear Liquor Stakeholders,

Attached are two draft Regulations for your review. 47-322(F) includes language regarding allowable product replacement for out-of-freshness standard products, and 47-1101 adds language clarifying “sealed container” definitions as applied to the rule and reiterating the prohibition on refilling of containers used for takeout/delivery by on-premises only licensees.

[Regulation 47-322\(F\)](#)
[Regulation 47-1101](#)

We look forward to seeing everyone at our final liquor rules working group session **tomorrow at 10:00 a.m.** The link to join the meeting is below.
