

Public Health and Safety Advisory

February 17, 2016 - In accordance with the Governor’s Executive Order (D 2015-015), the Colorado Department of Revenue (“DOR”), in conjunction with the Colorado Department of Agriculture (“CDA”) and the Colorado Department of Public Health and Environment (“CDPHE”), are issuing an immediate public health and safety advisory due to the identification of potentially unsafe pesticide residues on all medical marijuana plant material and marijuana products produced from marijuana cultivated by **Dr Releaf Inc.** CDPHE and DOR deem it a threat to public health and safety when pesticides that are not on the list of approved pesticides for marijuana use as determined by CDA are applied in a manner inconsistent with the pesticide’s label. CDA confirmed the presence of the Off-Label Pesticide, Myclobutanil, in the product samples tested.

Affected products include marijuana flower, trim, concentrates, and infused-products. Consumers who have these affected products in their possession should return them to the center (stores) from which they were purchased so they can be properly disposed of.

All affected marijuana has a label affixed to the container that at a minimum indicates the license number of the medical marijuana business that cultivated the marijuana. Consumers should check the label of their medical marijuana for the following license numbers and harvest batch numbers:

Medical Marijuana-Infused Products Manufacturer License 404-00352 and /or Optional Premises Cultivation License 403-01366.

012016 tanq1	1-27-16 Jonesberry (JB012716)	2-10-16 Sugar Black Rose (SB021016)
