

Agenda for Leadership meeting

Pilot timeline – print out

Will be messy because current LOC is very problematic

Summarize the tool crosswalk – new process creates opportunities for restructuring current resource allocation

Emphasis on LTHH with assessment – will require cross division collaboration

Task worksheet – need to build stakeholder buy-in

High-level review of approach: Modular approach to allow the tool to be tailored to different needs

Intake and eligibility screen

Eligibility, e.g., nursing facility

Preventing duplication with SIS

Residential settings

Transitions

Federal rules

PC component will help meet some of requirements

Most of PC and an important component of the PC component of the rules will be met by the Support Plan

Future efforts - Tim

Resource allocation

Support Plan – Person-centered

Children's tool
