

MIGRATION SCHEDULE

www.colorado.gov/goingpacific

WHAT QUARTER WILL I BEGIN MY MIGRATION TO PACIFIC?

PLEASE NOTE: This schedule is not set in stone and is subject to change at any time during the migration to Pacific. Most agencies have multiple websites, all of which will migrate at the same time. The most up to date version of this schedule will be posted on the Going Pacific website. Please review this schedule and contact us with any questions or concerns. If you maintain a website that does not fall under one of these agencies and is not represented elsewhere on the list, please contact us. We look forward to working with you to build your new Pacific website/s.

The remaining FatWire websites hosted by SIPA are considered small. Due to the smaller number of assets associated with these websites, we will be able to incorporate them throughout the migration schedule; therefore, they do not have an assigned quarter. Colorado Interactive personnel will manually migrate these small sites by 12/31/2014. SIPA representatives will be reaching out to provide you with additional information.
