Department of Health Care Policy & Financing
1570 Grant Street
Denver, CO 80203

NMT/NEMT Provisional Agreement

The purpose of this document is to attest that the Colorado Department of Health Care Policy and Financing (the "Department") is willing to enter into a Non-Medical Transportation (NMT) and/or Non-Emergency Medical Transportation (NEMT) Medicaid Provider Agreement/contract with (the "Contractor") so long as the Contractor completes the steps outlined below.

Contractor Name _____
Address _____
Application Tracking Number (ATN) _____

The NMT and/or NEMT Provider applicant shall complete the following steps in order to complete the process to become an approved Colorado Medicaid Provider for NMT and/or NEMT services:

1. Complete and submit to the Department a [Colorado Medicaid Provider Application](#) to begin the provider enrollment process for new NMT or NEMT Providers.
2. Complete this Provisional Agreement, attach the email confirmation received from the Department for completing the Medicaid Provider Application, and submit both documents to the Public Utilities Commission (PUC) when applying for a Medicaid Client Transport (MCT) permit.
3. Complete the PUC's MCT permit process including, but not limited to the following safety requirements:
 - Vehicle Safety Inspection
 - Proof of commercial motor vehicle insurance filed by the insurance carrier
4. Upon receipt of an MCT permit, attach a copy of the MCT permit to the pending Colorado Medicaid Provider Application and resubmit the application. If the Colorado Medicaid Provider Application is approved, the provider will be assigned a Medicaid Provider Number. If the application is not approved, transportation may not be provided under the MCT permit.

Our mission is to improve health care access and outcomes for the people we serve while demonstrating sound stewardship of financial resources.

Before providing NMT and NEMT services and billing for those services, the NMT and/or NEMT Provider must complete this process and ensure that every driver providing NMT and NEMT services is qualified, which includes but is not limited to:

- Every driver must be "Qualified" to drive based on the results of a criminal history record check prior to providing NMT and NEMT services. A driver not currently "Qualified" shall submit fingerprints to the PUC. The CBI and FBI will provide the PUC with results of the criminal history record check and the PUC will make the driver "Qualification" determination.

The Department does not guarantee the MCT permit holder will receive NMT or NEMT trips but may be added to the pool of eligible providers upon receipt of a PUC-issued MCT permit and completion and approval of the Colorado Medicaid Provider Application.

I attest that I will complete the entire NMT and/or NEMT Provider application process, including being approved as a NMT and/or NEMT Provider before I begin providing NMT and/or NEMT services to Medicaid clients. If I fail to complete any of the above steps and/or do not get approved as a NMT and/or NEMT Provider, I attest that I will not provide NMT and/or NEMT services or any other transportation services under the MCT permit.
