iPad, iPhone classes and tutoring offered at Senior Center

Did you receive an iPad or iPhone for Christmas and need a hand to get started? Or perhaps you've had one for a while but need a refresher? The Town of Estes Park's Senior Services Division and the Estes Park Internet Computer Users Group (EPICUG) are offering classes and tutoring at the Senior Center, 220 Fourth Street, to help you learn more about your new Apple devices.

One-on-one tutoring is offered monthly on the second and third Thursdays throughout 2015. Call now to sign up for a 45-minute session at 12:30 p.m., 1:15 p.m., 2:00 p.m., or 2:45 p.m. on those days. The cost is \$3 for current members of Estes Park Senior Citizens Center, Inc. (EPSCC, Inc.) or \$5 for non-members. Pay at the time of the appointment. Those interested in tutoring should have a list of 2-3 specific questions in mind.

For all tutoring and classes, participants should make sure that Apple devices are updated to the latest version of iOS8 and participants should bring their devices fully charged, along with an Apple ID user name and password.

There are two in-depth iPad and iPhone classes offered in January as well. Each class will offer instruction on overall functions and settings that allow you to do tasks easier; how to access different applications; how to connect to the Internet and to others, and how to take and send photos. Classes require a minimum of five students.

The first class, *Getting the Most out of your iPad*, will be offered on Tuesday, January 13 from 1:00 p.m. to 3:00 p.m. Register by January 6 at the Senior Center. The cost is \$15 for EPSCC, Inc. members or \$19 for non-members. The class is for those who already own an Apple iPad2 or above and have had some experience with iPad features.

The second class, *Getting the Most out of your iPhone*, will be offered on Tuesday, January 20 from 1:00 p.m. to 3:00 p.m. Register by January 13 at the Senior Center. The cost is \$15 for members or \$19 for non-members. This class is for those who already own an iPhone 4s or above and have some experience with iPhone features.
