Worksheet: Stakeholder Engagement

The NWD Plan must include how, “meaningful stakeholder engagement” will be used in the ongoing development and implementation of the NWD system. Please answer the questions below to help define what constitutes that level of engagement in Colorado.

- **How do you define, “meaningful stakeholder engagement?” What does it take to reach the bar of being meaningful?**

- **Are there different kinds of engagement? For example, being kept up to date on NWD progress vs. soliciting input or feedback? What are they?**

- **What kind of process(es) or mechanism do you want to see in place to solicit engagement and input?**

- **What are your expectations regarding receiving feedback? How will you know that stakeholder engagement/input is listened to, evaluated, and acted upon?**

Our mission is to improve health care access and outcomes for the people we serve while demonstrating sound stewardship of financial resources.

• How should interested parties be kept up-to-date over the course of NWD implementation (keeping in mind a 3-5 year timeframe)?

Below are a list of those ACL suggests be included in stakeholder engagement. First, add in any group or category you think is missing. Then, add any notes you have about NWD’s stakeholder engagement efforts with particular groups.

Who to Include	Notes
Older adults	
Individuals with disabilities across the lifespan	
Advocates	
Area Agencies on Aging	
Centers for Independent Living	
Local Medicaid agencies	
Local orgs that serve or represent the interests of individuals with physical disabilities	
Local orgs that serve or represent the interests of individuals with intellectual and developmental disabilities	
Local orgs that serve or represent the interests of individuals with mental/behavioral health needs	
Veteran Service Organizations	
Service providers
