Fortino Ballroom at Pueblo Community College

Student Center 201 BC

900 West Orman Avenue

Pueblo, CO 81004

Through a grant from the federal Administration for Community Living, the State of Colorado is redesigning how an individual may access long-term care. After soliciting feedback from a wide range of stakeholders, the State has drafted a plan outlining how the new system will be implemented. This is your opportunity to share your thoughts on the implementation plan and to discuss what does and does not work in accessing long-term care.
