Fall Membership Drive

We need your help in recruiting new board members for the the Northwest Workforce Investment Board. If you know someone that you think would be interested in representing their industry and their community on the Board please invite them to the meeting. If you prefer, contact me and I will contact them and send them some information.

We are missing representation from the following counties and sectors identified as targets in our strategic plan.

Grand: Retail; Construction.

Jackson: Forestry/ Hunting/ Fishing; Accommodations/Food Service.

Moffat: Retail; Accommodations/Food Service; Construction.

Rio Blanco: Health care; Construction.

Routt: Retail; Construction.

Filling these vacancies is our highest priority, but we welcome business leaders from other sectors as well. Our goal is to have board members who are "economic drivers" for their communities.

As always, if you have any questions, or wish to discuss this or any other matter regarding the Board or Workforce Center, please do not hesitate to call me at [\(970\)668-5360](tel:9706685360).

Respectfully submitted,

Lucian Burt
