Eligibility Information

Client will have a Medical Identification Card. Please continue to verify client eligibility through CMERS, FAXBack or Web Portal. Clients covered by the OAP Health and Medical Care Program are identified by the following message: **“The client that you have entered is**

enrolled in the OAP Health and Medical Care Program. NOT Medicaid eligible. Limited benefits. Payment may be reduced. No guarantee of covered services or payment amounts. More information: colorado.gov/hcpf".

As a reminder, the current rules for the OAP Health and Medical Care Program include:

- Maximum client co-payment of \$300
- Co-payment amounts for services are the same as the co-payment amounts under Medicaid
- There are no retroactive benefits (client can only be eligible from date of application).

If claim overpayments are made in error, recoveries will be made retroactively

CICP Information

An individual may be enrolled in OAP Health and Medical Care Program and the CICP at the same time. This does not apply to Old Age Pensioner clients who are receiving Medicaid. CICP participating providers can document any payment received by the OAP Health and Medical Care Program as a Third Party Liability on their CICP Summary Spreadsheet.

The CICP is only available through participating hospitals and community health centers. The CICP promotes access to health care services for low-income individuals by helping to defray provider costs of furnishing uncompensated care and by limiting the amount that low-income patients must pay. To the extent of available appropriations, the program serves persons with income and assets at or below 250% of the federal poverty level who are not eligible for Medicaid or the Child Health Plan Plus. The CICP is not an insurance plan under State law because it does not provide individuals with a policy that defines a list of benefits to which they are entitled; rather, the program is a financing mechanism through which the State reimburses participating providers for a portion of costs incurred in treating eligible individuals. In turn, providers must adhere to state-established limits for amounts charged to eligible individuals.

OAP Health and Medical Care Program clients are eligible to apply for the CICP.
