Overview

Agencies can play alone or combine with another agency

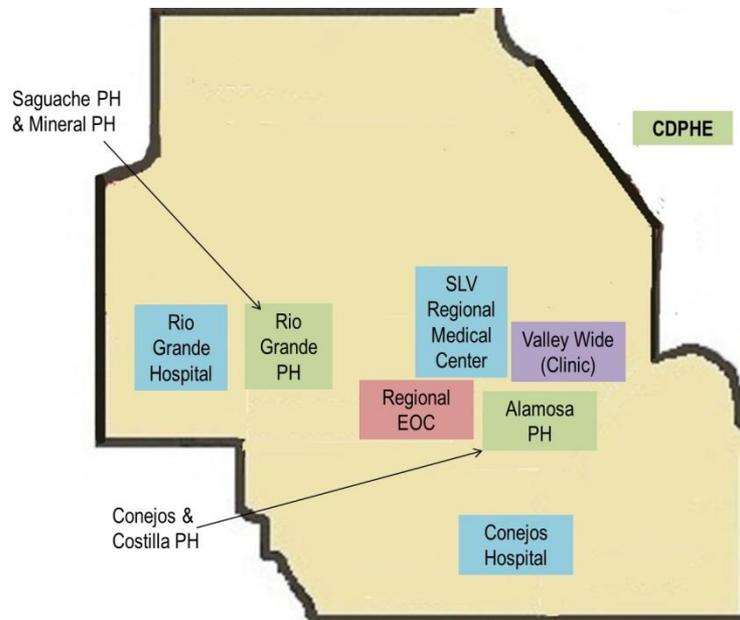

Each site needs:

- Site Point of Contact
- Evaluator(s)
- Controller(s)

How do we want CDPHE to support us?

SimCell?

Lead Controller?

Sites and Points of Contact

- If agencies combine, they can play as themselves or take on a role like evaluator or controller
- Responsibilities of Point of Contact
 - Room set up & sign in
 - Facilitate player briefing
 - Distribute and collect paperwork
 - Facilitate site hot wash

Evaluators/Controllers/Observers

EVALUATORS

- Participate in briefing
- Give constructive and accurate evaluation using the EEG
- Participate in Hot Wash
- Complete participant evaluation form

CONTROLLERS

- Participate in briefing
- Give injects using MSEL
- Participate in Hot Wash
- Complete participant evaluation form

Objectives & Injects

4 Mandatory Objectives

1. Community Recovery
2. Emergency Operations Center Coordination (must include resource requests/orders)
3. Information Sharing (situational awareness)
4. Medical Surge (Hospitals have two hospital-specific objectives)

Additional Objectives?

What injects do we need to test our capabilities?

Communication

- Radio channels
- Controllers
- Players
- Phone/Email list
- EMResource/eICS, WebEOC, internal notification systems
- “THIS IS AN EXERCISE”

Next Steps

- Planning report to CDPHE
- Modify exercise and marketing materials
- Marketing
- Confirm Controllers/Evaluators
- Get materials to each site
