

DOMAIN	SUBDOMAIN	INDICATOR	MEASURE	DATA SOURCE		
Physical Environment	Built Environment - Access to Recreation	Percent with sidewalks or shoulders of the road in their neighborhood that are sufficient to safely walk, run or bike	Percent with sufficient sidewalks or shoulders in their neighborhood to safely walk, run or bike (sn	Colorado Behavioral Risk Factor Surveillance System		
		Percent that have access to public exercise facilities in their neighborhood	Percent that have access to public exercise facilities in their neighborhood (such as walking or run	Colorado Behavioral Risk Factor Surveillance System		
	Built Environment - Access to Healthy Food	Rate of healthy food outlets per 10,000 residents	Rate of healthy food outlets per 10,000 residents	US Census Bureau County Business Patterns		
		Percent who say fresh fruits, vegetables, and other healthful foods are somewhat or very available in their neighborhood	Percent who say fresh fruits, vegetables, and other healthful foods (such as whole grain breads or	Colorado Behavioral Risk Factor Surveillance System		
	Built Environment - Transportation	Percent of workers that commute to work by biking, walking, or public transportation	Rate of fast food restaurants per 10,000 residents	Rate of fast food restaurants per 10,000 residents	US Census Bureau County Business Patterns	
			Percent of workers (age 16+ years) that commute to work by biking	Percent of workers (age 16+ years) that commute to work by walking	US Census Bureau American Community Survey	
		Percent of workers (age 16+ years) that commute to work by public transportation (excluding taxi	Percent of workers (age 16+ years) that commute to work by public transportation (excluding taxi			
	Safety	Percent of children that commute to school by biking, walking or skateboarding at least one day a week	Percent of children that commute to school by biking, walking or skateboarding at least one day a	Percent of children that commute to school by biking, walking or skateboarding at least one day a	Colorado Child Health Survey	
			Adult and juvenile violent crime rates	Adult violent crime rate (per 100,000 population 18+ years old)	Colorado Bureau of Investigation	
		Adult and juvenile property crime rates	Juvenile violent crime rate (per 100,000 population 10-17 years old)	Colorado Bureau of Investigation		
		Percent of parents who feel child is usually or always safe in community/neighborhood	Adult property crime rate (per 100,000 population 18+ years old)	Colorado Bureau of Investigation		
	Environmental Quality - Healthy Housing	Rate of liquor stores per 10,000 population	Juvenile property crime rate (per 100,000 population 10-17 years old)	Percent of parents who feel child is usually or always safe in community/neighborhood	Colorado Child Health Survey	
		Number of radon tests performed in households	Percent of liquor stores (per 10,000 population)	Rate of radon tests performed in households	US Census Bureau County Business Patterns CDPHE Hazardous Materials and Waste Management Division	
	Environmental Quality - Water	Percent of household radon tests that were above the EPA recommended action limit (4 pCi/L)	Number and percent of houses built before 1960	Percent of household radon tests that were above the EPA recommended action limit (4 pCi/L)	CDPHE Hazardous Materials and Waste Management Division	
		Percent of residents reporting they use a private well	Percent of residents reporting they use a private well	Percent of total housing units built prior to 1960	US Census Bureau American Community Survey Colorado Behavioral Risk Factor Surveillance System	
	WINNABLE BATTLE CLEAN WATER INDICATORS	Number of public water systems where the average annual or maximum concentrations of disinfection byproducts (TTHM and HAA5), nitrates and arsenic were above the EPA maximum contaminant level (MCL)	Number of public water systems; number of PWS with maximum levels of TTHM, HAA5, Nitrate, A	Percent of population who report bottled water as their primary home drinking water source	CDPHE Safe Drinking Water Information System database	
						Percent of the population who report bottled water as their primary home drinking water source
		Number of people served by public drinking water systems that are not in compliance with uranium and radium standards	Number of public water systems and population served by systems where the drinking water was above the drinking water standards for uranium or radium			CDPHE Water Quality Control Division
		Improve the quality of surface water and ground water that contains hazardous contaminants by treating the contaminated water	Millions of gallons of water per year for each hazardous waste site			CDPHE Hazardous Materials and Waste Management Division
	Environmental Quality - Outdoor Air Quality	Percent of water bodies that attain compliance with water quality standards	Percent of total miles for rivers and streams that: meet standards, do not meet standards, insufficient data	Percent of total acres of lakes and reservoirs that: meet standards, do not meet standards, insufficient data	2010 Clean Water 305(b) report to EPA (Winnable Battles Website)	
		Average annual PM 2.5 concentration	Average annual PM 2.5 concentration (ppm)	Average annual PM 2.5 concentration (ppm)	Environmental Protection Agency Air Quality System	
	WINNABLE BATTLE CLEAN AIR INDICATORS	Number of person-days PM 2.5 above standard	Number of person-days PM 2.5 is above standard (35 µg/m3)	Number of person-days PM 2.5 is above standard (35 µg/m3)	Environmental Protection Agency Air Quality System	
		Percent of days PM 2.5 above standard	Percent of days for daily PM 2.5 average concentrations above standard (35 µg/m3)	Percent of days for daily PM 2.5 average concentrations above standard (35 µg/m3)	Environmental Protection Agency Air Quality System	
		Number of ozone days above standard	Number of days the 8-hour average for ozone above standard (0.075ppm)	Number of days the 8-hour average for ozone above standard (0.075ppm)	Environmental Protection Agency Air Quality System	
		Number of ozone person-days above standard	Number of person-days for daily maximum 8-hour average ozone concentrations above standard	Number of person-days for daily maximum 8-hour average ozone concentrations above standard	Environmental Protection Agency Air Quality System	
	WINNABLE BATTLE SAFE FOOD INDICATORS	Reduce emissions of mercury	Number of electrical generating units in power plants required to use continuous emission monito	Number of Colorado waterbodies that required fish consumption advisories for mercury	Colorado Air Quality Control Commission from winnable battles website but no source provided	
		Emissions of harmful ground-level ozone forming pollutants from major sources in the ozone non-attainment area	NOx emissions (tons per year) from major sources		from winnable battles website but no source provided	
	WINNABLE BATTLE SAFE FOOD INDICATORS	Average number of critical violations per inspection	Average number of critical violations per retail food inspection		from winnable battles website but no source provided	
		Occurrence of 3 or more food borne illness violations in full service restaurants	Percent of retail food inspections with 3 or more food borne illness violations cited during an insp		from winnable battles website but no source provided	
	WINNABLE BATTLE SAFE FOOD INDICATORS	Percent of inspections resulting in food being thrown out due to unsanitary conditions	Percent of retail food inspections conducted that result in the disposal of food		from winnable battles website but no source provided	
		Social Network/Social Support	Percent of households headed by a single adult	Percent of family households headed by a single adult	US Census Bureau American Community Survey	
	Social Factors	Participation	Percent of population that are registered public library borrowers	Percent of population that reside within the legal service of a public library that are registered bor	Library Research Service	
Organizational Networks		Number of religious congregations per county population	Rate of religious congregations per 10,000 population	Association of Religion Data Archives		
		Number of non-profits/501c3s per county population	Percent of congregations that are Evangelical Protestant, Mainline Protestant, Historically Black P	Rate of all registered nonprofits per 10,000 population	National Center for Charitable Statistics	
Leadership		Percent of firms owned by minorities	Percent of minority-owned firms; Black, American Indian/Native Alaskan, Asian, Native Hawaiian/	Percent of minority-owned firms	US Census Bureau State & County Quickfacts	
		Percent of firms owned by women	Percent of women-owned firms	Percent of women-owned firms	US Census Bureau State & County Quickfacts	
Political Influence		Percent of registered voters and active registered voters in previous election cycle	Percent of population registered to vote	Percent of active registered voters	Colorado Secretary of State	
		Child maltreatment rates	Child maltreatment rate (per 1000 children aged 17 and younger)	Child maltreatment rate (per 1000 children aged 17 and younger)	Colorado Department of Human Services	
Violence		Elder abuse rates	Elder abuse rate (per 100,000 population aged 65+ years)	Elder abuse rate (per 100,000 population aged 65+ years)	Colorado Department of Human Services	
		Percent of high school students who reported being bullied on school property during the past 12 months	Percent of high school students who reported being bullied on school property during the past 12	Percent of high school students who reported being bullied on school property during the past 12	Colorado Youth Risk Behavior Survey
