

DOMAIN	SUBDOMAIN	INDICATOR	MEASURE	DATA SOURCE
Population Health Outcomes	Quality of Life - Adults	Percent of adults who reported that their general health was fair or poor	Percent of adults who reported that their general health was fair or poor	Colorado Behavioral Risk Factor Surveillance System
		Average number of days in the past 30 days when their physical health was not good	Average number of days (in the past 30 days) experienced by adults when their physical health was not good	Colorado Behavioral Risk Factor Surveillance System
		Average number of days in the past 30 days when their mental health was not good	Average number of days (in the past 30 days) experienced by adults when their mental health was not good	Colorado Behavioral Risk Factor Surveillance System
		Percent of adults who are satisfied or very satisfied with their life in general	Percent of adults who are satisfied or very satisfied with their life in general	Colorado Behavioral Risk Factor Surveillance System
		Average number of days of poor physical or mental health that kept them from doing usual activities, such as self-care, work, or recreation	Average number of days (in the past 30 days) experienced by adults of poor physical or mental health that kept them from doing usual activities; Average number of days (in the past 30 days) experienced by adults 65 years or older of poor physical or mental health that kept them from doing usual activities	Colorado Behavioral Risk Factor Surveillance System
	Quality of Life - Children	Percent of parents of children aged 1-14 years who reported that their child's general health was fair or poor	Percent of parents of children (aged 1-14 years) who reported that their child's general health was fair or poor	Colorado Child Health Survey
	Morbidity - Arthritis	Percent of adults aged 18+ years with arthritis	Percent of adults aged 18+ years with arthritis	Colorado Behavioral Risk Factor Surveillance System
	Morbidity - Asthma	Percent of adults aged 18+ years that currently have asthma	Percent of adults (aged 18+ years) that have been told by a health care provider that they currently have asthma	Colorado Behavioral Risk Factor Surveillance System
		Percent of high school students with asthma	Percent of high school students with asthma	Colorado Youth Risk Behavior Survey
		Percent of children aged 1-14 years with asthma	Percent of children aged 1-14 years with asthma	Colorado Child Health Survey
	Morbidity - Cancer	incidence rate of invasive cancer (all sites combined) among persons of all ages	Age-adjusted incidence rate of invasive cancer (all sites combined) (per 100,000 population)	Colorado Central Cancer Registry
		incidence rate of invasive cancer of the female breast among females of all ages	Age-adjusted incidence rate of invasive breast cancer among females (per 100,000 females)	Colorado Central Cancer Registry
		incidence rate of invasive cancer of the cervix among females of all ages	Age-adjusted incidence rate of invasive cervical cancer among females (per 100,000 females)	Colorado Central Cancer Registry
		incidence rate of cancer of the colon and rectum among persons of all ages	Age-adjusted incidence rate of colorectal cancer (per 100,000 population)	Colorado Central Cancer Registry
		incidence rate of cancer of the lung and bronchus among persons of all ages	Age-adjusted incidence rate of lung and bronchus cancer (per 100,000 population)	Colorado Central Cancer Registry
		incidence rate of invasive melanoma among persons of all ages	Age-adjusted incidence rate of invasive melanoma (skin cancer) (per 100,000 population)	Colorado Central Cancer Registry
	Morbidity - Diabetes	incidence rate of invasive cancer of the prostate among males of all ages	Age-adjusted incidence rate of prostate cancer among males (per 100,000 males)	Colorado Central Cancer Registry
		Percent of adults aged 18+ years with diabetes	Percent of adults (aged 18+ years) with diabetes	Colorado Behavioral Risk Factor Surveillance System
	Morbidity - Heart Disease and Stroke	Percent of women who had diabetes that started during pregnancy	Percent of women who had diabetes that started during pregnancy	Colorado Pregnancy Risk Assessment Monitoring System
		Stroke hospitalizations	Age-adjusted rate of hospitalizations due to stroke (per 100,000 population)	Colorado Health and Hospital Association
		Heart disease hospitalizations	Age-adjusted rate of heart disease hospitalizations (per 100,000 population)	Colorado Health and Hospital Association
		Acute myocardial infarction hospitalizations	Age-adjusted rate of acute myocardial infarction hospitalizations (per 100,000 population)	Colorado Health and Hospital Association
		Heart failure hospitalizations	Age-adjusted rate for congestive heart failure hospitalizations (per 100,000 population)	Colorado Health and Hospital Association
		Percent of adults aged 18+ years who ever had a heart attack	Percent of adults (aged 18+ years) who ever had a heart attack	Colorado Behavioral Risk Factor Surveillance System
		Percent of adults aged 18+ years who ever had angina or coronary heart disease	Percent of adults (aged 18+ years) who ever had angina or coronary heart disease	Colorado Behavioral Risk Factor Surveillance System
	Morbidity - Oral Health	Percent of adults aged 18+ years who ever lost any teeth due to decay or periodontal disease	Percent of adults aged 18+ years who ever lost any teeth due to decay or periodontal disease	Colorado Behavioral Risk Factor Surveillance System
		Percent of children aged 1-14 years with fair or poor condition of teeth	Percent of children aged 1-14 years with fair or poor condition of teeth	Colorado Child Health Survey
		Percent of children ages 1-5 who first went to the dentist by 12 months of age	Percent of children ages 1-5 who first went to the dentist by 12 months of age	Colorado Child Health Survey
		Percent of third graders who have dental sealants on permanent molars	Percent of third graders who have dental sealants on permanent molars	Colorado Children's Basic Screening Survey
		Percent of the population served by community water systems who receive optimally fluoridated water	Percent of the population served by community water systems who receive optimally fluoridated water	CDPHE Oral Health Unit
		Tuberculosis cases and incidence	Number of new tuberculosis cases; Rate of new tuberculosis cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
		AIDS incidence	Rate of new AIDS cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
		HIV incidence	Rate of new HIV cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
		Chlamydia incidence for 15-29 year olds	Rate of new Chlamydia cases (15-29 year olds) per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
		Gonorrhea incidence for 15-29 year olds	Rate of new Gonorrhea cases (15-29 year olds) per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology

Morbidity - Communicable Disease	Pertussis incidence	Rate of new Pertussis cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	Hepatitis A incidence	Rate of new Hepatitis A cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	Hepatitis B incidence	Rate of new acute Hepatitis B cases per 100,000 population; Rate of new chronic Hepatitis B cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	Campylobacter incidence	Rate of new Campylobacter cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	STEC (shiga toxin producing E.coli) incidence	Rate of new STEC O157 cases per 100,000 population; Rate of new STEC non-O157 cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	Salmonella incidence	Rate of new Salmonella cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	Shigella incidence	Rate of new Shigella cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	West Nile Virus incidence	Rate of new West Nile Virus cases per 100,000 population	CDPHE Division of Disease Control and Environmental Epidemiology
	Number of reported outbreaks of foodborne illness	Number of reported outbreaks of foodborne illness	CDPHE Division of Disease Control and Environmental Epidemiology
	Influenza hospitalizations for 65+ year olds	Rate of influenza hospitalizations in people aged 65+ years old (per 100,000 population aged 65+ years)	Colorado Health and Hospital Association
	Rate of central line-associated bloodstream infections	Standardized infection ratio of central line-associated bloodstream infections	CDPHE Division of Disease Control and Environmental Epidemiology
Morbidity - Occupational Health	Non-fatal Lost-time Workers' Compensation Claims by County	Number of non-fatal lost-time workers' compensation claims; Percent of employment filing non-fatal lost-time workers' compensation claims	Colorado Department of Labor and Employment
	Work-related hospitalizations	Number of work-related hospitalizations; Rate of work-related hospitalizations (per 100,000 employed population aged 16+ years)	Colorado Health and Hospital Association
Morbidity - Birth Defects	Major congenital anomalies	Rate of major congenital anomalies (per 10,000 live births)	CDPHE Division of Disease Control and Environmental Epidemiology
	Percent of live births with low birth weight	Percent of live births with low birth weight (< 2500 grams)	Colorado Health Statistics and Vital Records
Morbidity - Injury	Motor vehicle accident hospitalizations	Age-adjusted rate of motor vehicle accident injuries (per 100,000 population)	Colorado Health and Hospital Association
	<b>Rate of teen (age 15-19) motor vehicle accident deaths</b>	<b>The rate of motor vehicle accident-related deaths among teens age 15-19 per 100,000 teen population age 15-19</b>	<b>Colorado Health and Hospital Association</b>
	Unintentional poisoning hospitalizations	Age-adjusted rate of unintentional poisoning hospitalizations (per 100,000 population)	Colorado Health and Hospital Association
Mortality - Infants	Infant mortality rate	Rate of infant deaths (less than 1 year old) per 1,000 live births	Colorado Health Statistics and Vital Records
Mortality - All	Years of Potential Life Lost (YPLL) by age 65	All causes of YPLL before 65 years of age; first through tenth leading cause of YPLL before 65 years of age	Colorado Health Statistics and Vital Records
	Age-adjusted ten leading causes of death	Age adjusted rate for all causes of death (per 100,000 population); first through tenth leading cause of death	Colorado Health Statistics and Vital Records
	Age-adjusted ten leading causes of YPLL	Age-adjusted rate for all causes of YPLL (per 100,000 population); first through tenth leading cause of YPLL	Colorado Health Statistics and Vital Records
