

## Pre-Admission Screening and Resident Review (PASRR) Provider Instructions for Masspro Transition

Masspro, the state's long term care utilization review contractor, has dissolved and will cease its Colorado operations effective August 29, 2014. Because there was not sufficient time for the Department to re-procure another PASRR vendor, the Department of Health Care Policy and Financing will be temporarily assuming operations for the PASRR program.

### Starting August 29, 2014 and until further notice:

- The pre-admission screening referred to as the Level I must be completed on paper by the referral source (nursing facility, hospital, Single Entry Point), using a temporary PASRR Level I form that will be available on the Department's website, [masspro-transition](http://masspro-transition)
- Completed Level I forms must be retained in the residents' chart.
- If the Level I triggers a 'refer for Level II' evaluation the referral source will contact an OBRA coordinator for a Level II evaluation.
  - OBRA coordinators will be contacted based on zip code of the physical location of the patient. An OBRA zip code list will be available on the Department's website. [masspro-transition](http://masspro-transition)
- If the Level I does not trigger a 'refer for Level II' evaluation the referral source will fax the completed Level I form to the admitting facility.
- During this transition the PASRR Level II process will remain unchanged with the exception to person(s) at the Department who will assume coordination of Level II activities. Detailed instructions for PASRR operations will be available soon.
- PASRR technical assistance will be provided starting Tuesday August 26, 2014.

**PASRR technical assistance calls**  
**Every Tuesday 1:00 pm – 2:00 pm MST**  
**Local: 720-279-0026**  
**Toll Free: 1-877-820-7831**  
**Participant Passcode: 516148#**
