**Subject:** Pre-Admission Level I Identification Screen Form (PASRR Level I Form)

Dear Administrator,

**Please distribute this letter to staff who are involved with the Pre-Admission Screening and Resident Review (PASRR) in your facility.**

After thorough review of the PASRR Level I Form, the Department of Health Care Policy and Financing has updated the form in consideration of the five design principles (sensitivity, specificity, usability, accuracy, and informativeness) recommended by the PASRR Technical Assistance Center (PTAC). After six months of stakeholder input and discussions, the updated PASRR Level I Form was published in August 2017. A three month transition period was allowed for stakeholders to add the new form to their systems and to end use of the old forms.

As agreed at the PASRR stakeholder meeting, this letter serves to remind stakeholders that **after November 15, 2017** the new PASRR Level I Form will be the only acceptable form for PASRR Level I Identification Screen. No other version of the Level I Form will be accepted for PASRR assessments. The form is available on the PASRR website:
