BF PC Assignment

Assigning a Peer Counselor

The following tips may be useful:

- ➔ The search displays 250 names at one time in the BF PC Assignment panel grid. The error message “Maximum number of families returned. Narrow your search criteria” will display when more than 250 names are found.
 - Narrow the search parameters by: *Clinic, Category, WIC Status* and *Not Assigned*.
- ➔ To assign a peer counselor, use the drop down box in the BF PC column to choose a PC for the participant. Then click on the “assign” button.

BF PC Assignment

Removing a participant from a Breastfeeding Peer Counselor's Caseload

➔ Once the 'Date Exited Program' is completed, the participant is no longer visible on the BF PC Assignment panel and Peer Counselor's name will be removed on the Family panel.

The screenshot shows the 'Compass Test' application window. The main area displays participant information for a pregnant individual. The 'Date Exited BF PC Program' field is set to 01/24/2014, and a red arrow points to this field. The interface includes a left-hand navigation menu with categories like 'Clinic Services', 'Assessment', and 'Certification/Termination'. The main content area has sections for 'Pregnancy Record Date', 'Record Date', and 'BF PC Documentation' with various dropdown menus and checkboxes for prenatal and postpartum topics.
