<b>Vitamin B-12</b>	18%	20%	25%	25%	25%	50%	50%

\* CACFP requires that in the case of children and adults who cannot consume fluid milk due to medical or other special dietary needs, other than a disability, non-dairy beverages may be served in lieu of fluid milk.

\*\*Non-dairy beverages must be nutritionally equivalent to milk and meet the nutritional standards for fortification of calcium, protein, vitamin A, vitamin D, and other nutrients to levels found in cow's milk, as outlined in the National School Lunch Program (NSLP) regulations.
