Colorado Shines Update

V. CHILD HEALTH

	Child Health Promotion	Points
5.1	The program documents that each child has received a hearing, vision, and dental screening and provides resources for families on where to obtain them	3
5.2	The program documents that each child has medical insurance and a medical home and provides referral information to families on where to obtain them	2
5.3	The program documents that each child has received a developmental screening and makes a referral or provides referral information to the family as appropriate for any child for whom a developmental concern has been identified	2
5.4	The program has a one-time certified playground inspection conducted. A playground quality improvement plan is created based on the results and progress is monitored annually	2
5.5	Classroom teachers lead children in structured physical activities daily. (Once in a four (4) hour or less time period; twice in a five (5) hour or more time period)	1
5.6	Program offers nutrition information and education programs, annually, led by nutritionist or registered dietitian	2
5.7	Program has a garden and serves fruits/vegetables from the garden for children to taste	2

Colorado Shines Update

Facilities Assessed for L3-L5 earning a point for physical activity

Colorado's Early Childhood Workforce 2020 Plan

We envision a state where all children thrive because there is a stable, well-qualified, diverse, and appropriately-compensated early childhood workforce.

Colorado's Early Childhood Workforce 2020 Plan

Three phases include:

- Research
- Plan
- Explore

Where do you see yourselves as we look to implement?
