III. BACKGROUND:

The Workforce Investment Act of 1998 details the criteria by which applicants for WIA services can be deemed eligible to receive employment and training services funded under the Act. Local program operators must adhere to the law's eligibility guidelines to ensure all those who receive WIA-funded services are eligible.

Recent changes to the state definition of a substantial layoff for use in determining dislocated worker eligibility, along with new guidance from USDOL/ETA regarding WIA eligibility for victims of human trafficking, prompted a review of existing state policy. It was determined that local program operators could benefit from an updated Program Guidance Letter on WIA program eligibility which would incorporate these changes as well as changes resulting from HB 1023 (Restrictions on Public Benefits), the Jobs for Veterans Act of 2002, and TEGL 22-04, Serving Military Service Members and Military Spouses under the WIA Dislocated Worker Formula Grant. In addition, eligibility guidance from TAN 04-02 is integrated into this PGL, and general guidance regarding the use of self-attestation as a method of last resort for documenting eligibility is included. Adult, Dislocated Worker, Youth, and Set Aside/Discretionary Grant eligibility guidelines are provided in separate attachments for ease of use.

IV: POLICY/ACTION:

Local Workforce Boards are required to establish and formally approve a local policy for making eligibility determinations for the three WIA funding streams: adult, dislocated worker, and youth. Regions are expected to modify local policies and procedures as needed to incorporate the changes and additions to this PGL, including guidance on the use of self-attestation as a last resort when other

documentation can't be found or accessed. Self-attestation guidance in the local policy should identify a form to be signed off when self-attestation is necessary and the circumstances under which self-attestation will be allowed.

Regions are advised to conduct a careful and detailed review of the revisions and additions to this PGL. In addition, regions should disseminate this PGL to appropriate staff and ensure that local policies and procedures are revised to incorporate the changes. Regional Liaisons will be available to provide technical assistance as needed.

V. IMPLEMENTATION DATE:

Upon receipt of this PGL.
