

## We're glad we're still here **to support your choices**

Consumer direction is changing in Colorado, and PPL Colorado has the knowledge you need from working right here in Colorado for the last six years. We're also the most experienced financial management services (FMS) provider in the country. We are here to support your decisions, no matter what choice you make.

**Visit [www.publicpartnerships.com/COfacts](http://www.publicpartnerships.com/COfacts) to learn about the Agency with Choice model, the Fiscal/Employer Agency model, and how health insurance works in Colorado's program.**

And starting December 1, we'll host an online community forum for all Colorado CDASS stakeholders, to help empower greater self-direction. Join us at <https://groups.google.com/forum/#!forum/cdass>

Do you have questions about PPL Colorado?  
As always, you can call us at **1-888-752-8250**.
