

Colorado Firefighter Safety and Disease Prevention Fund

The Local Firefighter Safety and Disease Prevention Grant provides funding or reimbursement for equipment and training designed to increase firefighter safety and prevent occupation-related diseases.

A series of workshops will be conducted to provide information regarding the grant application process, funding priorities and the program timetable. The workshop will also discuss training, funding priorities, response and code enforcement resources available from DFPC.

Registration is Not Required. Feel free to bring lunch/dinner to the workshop.
