Re: Colorado Workforce Development Planning Regions

Ms. Veck,

After multiple conversations ( open public work sessions ), as related to, the opportunity presented to us (Park County) to re-align into a Planning Region which would represent our needs and desires to provide services to our community.

Currently, Park County is listed in the predominately front range, Central Planning Region.

On this day, December 17, 2015 in our quasi-legislative action day. We all have agreed that the best planning region for Park County is to be included into the Southern Planning Region.

Park County is currently in the Upper Arkansas Sub Area. So it would only stand to reason, that it is not only logical but prudent to be part of the Southern Planning Region.

A resolution is pending at our next consent agenda meeting, January 7, 2015. This will memorialize this decision.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Dowaliby".
