

# Government Payment Solutions

Would you like to offer citizens multiple payment options? Would you like to free up your valuable resources? **Payport** is an easy to use stand-alone system that allows you to take both online and over-the-counter (OTC) payments, with or without database integration. This secure, PCI-compliant payment solution **processes both credit card and eCheck payments** and interfaces directly with your existing applications.

“Renewing a vehicle registration online allows the public to save time, energy and gas money. The online payment option is a great tool for providing better public service and offering more choices to people who do business with our office”

Kate Medina, Manager of Accounting  
Boulder County Motor Vehicle Division

This solution is easily customizable. You can create new fields for data collection and add your logo. Payport is currently accepting payment for:

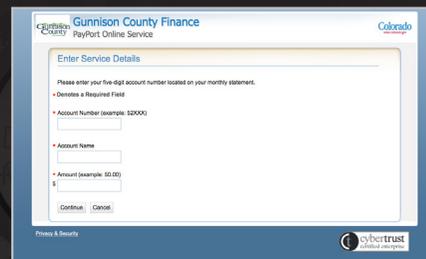

- ★ Vehicle Registration Renewal
  - ★ Sheriff’s Office
  - ★ Clerk and Recorder’s Office
- ★ Individual Tax ★ Town Clerk’s Office
  - ★ Parks & Fair Grounds
- ★ Building/Engineering & Planning
- ★ Utilities ★ Business Tax ★ Sales Tax
- ★ Collections ★ Accreditation Fees
  - ★ Ambulance Fees ★ Permits
  - ★ Treasurer’s Office
- ★ Assessor’s Office ★ Animal License

- ★ **Control your services** – decide what services you make available and provide payment options for your customers.
- ★ **Personalized URL** – set up a web address tailored for your service and to target your customers.
- ★ **Financial Reports** – get full access to all your transaction history and detailed reports for your in-house reconciliation.
- ★ **User access control** – provide access to financial information through your administrative permissions.
- ★ **PCI compliant** – give your customers the personal security they deserve. Payport is Payment Card Industry Level 1 certified, which ensures the safeguarding of your customers’ financial data.

“The PayPort system has helped Gunnison County join the rest of the world in accepting electronic payments. The ease of administration and accounting is unobtrusive so we can spend more time delivering results for our customers. The interface is flexible enough to gather information required for the myriad of different services our county offers and has helped us increase revenues in program areas that are based on donations.”

Ben Cowan,  
Assistant Finance Director

# How do I benefit?

Giving you peace of mind while providing the technology and online access that your customers expect.

- ▶ Locally Managed Infrastructure
- ▶ Centralized Hosting
- ▶ Networking
- ▶ Payment Card Industry (PCI) Data Security Standard

# How do I get started?

Legislation allows any Eligible Government Entity to enter into an agreement with SIPA, allowing Colorado government to use SIPA's approved provider without the need for an RFP. Colorado Interactive is the designated provider and operates Colorado.gov, the official website for the State of Colorado. [Contact SIPA to get started today!](#)

**Save Time! Renew Online!**

It's easy... all you need is your:

- License plate number
- Payment information
- Valid email address
- Current insurance information must be on file with your County Motor Vehicle Office
- Current emissions test data on file for the vehicle you are renewing (if required by your County)

You must reside within the same County as last year. Please reference your registration renewal reminder card for additional information.

**Eligible for Online Renewal**

- Passenger Vehicles
- Motorcycles
- Farm Vehicles
- Trailers
- Recreational Trucks

**NEW!**

- Renew online through the last day of your renewal period.
- Registration is good for 15 days from date of transaction.
- Print within the last 15 days of your grace period.
