Conflict of Interest Disclosure

The Department requires that the Pharmacy and Therapeutics Committee (P&T) applicants disclose any financial or other affiliation with organizations that may have a direct or indirect interest in the business in front of the Board.

A financial interest may include, but is not limited to, being a shareholder in the organization; being on retainer with the organization; or having research or honoraria paid by the organization.

Any affiliation may include holding a position on an advisory committee or some other role or benefit to a supporting organization.

The existence of such relationships will not automatically preclude an individual from being invited to join the Pharmacy and Therapeutics Committee.

Please check the box of the statement that best applies.
