# Mining Baseline Package

## Bottles included in package:

- 1- 250 mL Nutrient bottle
- 1- 4 liter cubitainer
- 1-250 mL Neutral bottle
- 1-250 mL Metal bottle

## Sample Collection

- Run cold water tap for 3-5 minutes to flush pipes
  - ~ Collect sample from non-swivel, non-aerated tap
  - ~ Bathtub faucet works well
- Fill the bottles to the base of the neck

## Bottle labels

- Write the customer name and collection date and time on each label and affix one label to each bottle
- If submitting bottles for more than one sample site/location please describe the location so we can tell the samples apart

## Request for Analytical Services Form

- Verify that the customer address is correct and that the address can accept mail
  - ~ Record an email address if you want the results emailed
- Ignore the PWS ID as this is only for public water systems
- Record any relevant sample site information. See back page for example
- Record the date and time that the sample was collected
- Record the water type. For example: well, public, surface/pond/stream, or other (include description)
- Record the temperature of the water if known

## Submitting samples to the laboratory

- Bottles should be returned as soon as possible
- Either hand deliver or mail the samples to:

Laboratory Services Division  
8100 Lowry Boulevard  
Denver, Colorado 80230
