RE: Transition of Pharmacy Benefit Management Services to Magellan Rx Management

Dear Pharmacy Provider:

New Plan Information

On October 31, 2016, 4:00 a.m. Mountain Time (MT), Magellan Rx Management will assume administrative operation of the Pharmacy Benefit Management System (PBMS) on behalf of Health First Colorado (Colorado’s Medicaid program).

You must be enrolled in the new Colorado interChange. All pharmacy providers and suppliers must be enrolled in the Colorado interChange system by October 31, 2016. Those who are not approved and enrolled will not be able to submit claims or receive payments. Visit Colorado.gov/HCPF/Provider-Resources for more information.

All ordering, prescribing, and referring (OPR) providers must be enrolled in the new Colorado interChange. The Affordable Care Act (ACA) now requires physicians and other eligible practitioners to enroll in the Medicaid Program to order, prescribe and refer items or services for Medicaid members, even when they do not submit claims to Medicaid. Claims listing an OPR provider that is not enrolled, can not be paid. Visit Colorado.gov/HCPF/OPR for more information.

Your BIN, PCN, and Group number will be changing. This transition requires that your claim submission software be updated with the Magellan Rx Management BIN and PCN. **You will receive new BIN, PCN, and Group numbers along with additional information on the transition in a subsequent notice.**
