

**Public Health and Safety Advisory**

**March 14, 2016** - In accordance with the Governor’s Executive Order (D 2015-015), the Colorado Department of Revenue (“DOR”), in conjunction with the Colorado Department of Agriculture (“CDA”) and the Colorado Department of Public Health and Environment (“CDPHE”), are issuing an immediate health and safety advisory due to the identification of potentially unsafe pesticide residues on retail marijuana plant material and marijuana products produced from marijuana cultivated by **RR Services LLC**. CDPHE and DOR deem it a threat to public health and safety when pesticides that are not on the list of approved pesticides for marijuana use as determined by CDA are applied in a manner inconsistent with the pesticide’s label. CDA confirmed the presence of the Off-Label Pesticides, Myclobutanil, in the product samples tested.

Affected products include marijuana flower, trim, concentrates, and infused-products. Consumers who have these affected products in their possession should return them to the retail store from which they were purchased so they can be properly disposed of.

**All affected marijuana has a label affixed to the container that at a minimum indicates the license number of the retail business that cultivated the marijuana. Consumers should check the label of their retail marijuana for the following license numbers and harvest batch numbers:**

**Retail Marijuana Cultivation License 403R-00139**
