### Radius™ Herbicide

For Use on Field Corn or Corn Grown for Silage for Control of Certain Grasses and Broadleaf Weeds

EPA Reg. No. 264-852

EPA SLN. No. CO-06-0003

## 24(c) Supplemental Label

### FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF COLORADO

#### RESTRICTED USE PESTICIDE

May injure (phytotoxic) susceptible non-target plants.

For retail sale to and use only by certified applicators or persons under their direct supervision and only for those uses covered by the Certified Applicator's certification.

Commercial and certified applicators must ensure that all persons involved in these activities are informed of the precautionary statements.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

### PRODUCT INFORMATION SHEET

#### Environmental Precautions and Soil Type Restrictions

Refer to the container label for additional use precautions and directions.

#### Environmental Precautions:

**AGRICULTURAL CHEMICALS HAVE THE POTENTIAL TO MOVE INTO SHALLOW GROUNDWATER. THE FOLLOWING RESTRICTIONS HAVE BEEN DEVELOPED TO PROTECT DRINKING WATER SUPPLIES.**

- Do not wash, load, or empty application equipment near any well, as this practice is a potential source of ground water contamination.
- In fields having soils with less than 15% field moisture holding capacity, special care must be taken not to over-irrigate, since substantial over-irrigation promotes the leaching of chemicals.

#### SOIL TYPE RESTRICTIONS

**If the water table is less than 25 feet below ground surface, do not apply to the following vulnerable sandy loam, loamy sand or sand soils. If the water table is unknown, do not apply Radius™ Herbicide to a restricted soil.**

Ascalon	Columbine	Ellicott	Hiwan	Lonetree	Olney	Ryark	Tipper
