# Free Service – Flexible Pick-Up Schedule – As-Needed Pick-Ups Available

Specimens accepted include: Culture isolates, blood, serum, urine specimens, newborn screening blotters, mosquito pools, or food and water samples.

If you are sending specimens for human testing, please remember that courier services are a part of the pre-analytic testing process, and CLIA regulations for maintaining specimens at appropriate temperatures apply.

When appropriate, all specimens must be packaged according to hazmat/USDOT regulations prior to delivering to a courier pick-up location.
