**Statement of Disclosure**

We have no relevant financial relationships with commercial interests pertaining to the content presented in this program.

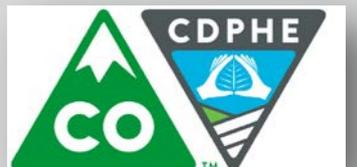

# *Webinar Objectives*

1. Review current ACIP recommendations for adolescent immunizations.
2. List two evidence-based best practices for improving adolescent immunization rates in the SBHC setting.

# *Housekeeping...*

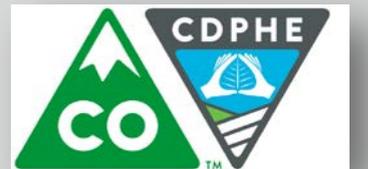

- ❑ **Sign in** - Please type name & email in the Chat Box.
- ❑ **Questions** - Everyone is muted. Please type your questions into the Chat Box.
- ❑ **Recording** - We are recording this. The recording & slides will be available on the CDPHE website.
- ❑ **Evaluation** - We will provide the link to the evaluation after the presentation in the Chat Box. Please complete before April 21.
- ❑ **CNEUs** - If you are an RN or NP, you will need to stay throughout the entire webinar and complete the evaluation before April 21 in order to receive CNEUs.

# Adolescent Immunizations

## Definitions

1. Percentage of unduplicated SBHC users who have received **Meningococcal** vaccine by their 13th birthday.
1. Percentage of unduplicated SBHC users who have received **Tdap or Td** by their 13th birthday.
1. Percentage of unduplicated SBHC users who have received three doses of **HPV** by their 15th birthday (with appropriate spacing between vaccines).

# *Adolescent Immunizations*

## Reporting the Measure

These immunization measures will be reported on by Apex through an agreement with the Colorado Immunization Information System (CIIS).
