

SIPA is excited about the opportunity to help our customers accelerate the speed of business using DocuSign to conduct accurate, secure transactions.

Transact business faster, reduce costs and delight customers

Delivering business results

- **Sales** – Close more deals faster
- **Procurement/Supply Chain** – Lock in pricing sooner to drive cost out
- **IT** – Drive efficiency & reduce cost by automating paper business processes
- **HR** – Turn a verbal “yes” into a signed offer in minutes
- **Legal** – Increase control, visibility & compliance

Documents play a crucial role in business. Sales contracts, new bank accounts, tax documents, loans and rental agreements and more all require documents to complete the transaction. DocuSign accelerates these often manual, paper-based processes by helping companies complete them online from start to finish. Only DocuSign can securely automate workflow, collect information, take payment, and let you sign everything, everywhere so you can transact business faster, reduce costs, and delight customers.

The world’s leading eSignature transaction management solution

Established in 2003, DocuSign is the pioneer in electronic signatures and the world’s leading solution. With more than 40 million users who have signed over 330 million documents across 188 countries, DocuSign serves more individuals, small and medium businesses and Fortune 1000 companies than any other service provider. Employees at 90% of the Fortune 500 DocuSign.

Why? DocuSign improves business results by managing all aspects of documented business transactions in the cloud, connecting companies of all sizes to their customers, partners, suppliers and employees so they can transact business in confidence.

“We were impressed from the start with how quickly and easily DocuSign helped us obtain signed contracts.”

Gene Hardin

Faster & easier

No software, hardware or training is required. Conduct business with customers, partners and suppliers anytime, from any Internet-connected device—so it’s convenient for everyone.

Complete & extensible

Automate simple agreements or the most complex multi-party transactions. Our open, standardsbased approach makes it easy to connect to your existing business systems. No more printing, faxing, overnight shipping, or re-keying data.

Trustworthy & secure

Documents are encrypted and stored tamper-proof in the cloud, ensuring integrity during the transaction process and after completion.

eSignature legally binding with U.S. ESIGN Act

In 2000, the U.S. Electronic Signatures in Global and National Commerce (ESIGN) Act established electronic records and signatures as legally binding, having the same legal effects as traditional paper documents and handwritten signatures. But not all eSignature solutions are created equal.

- ISO/IEC 27001:2005 Certification
- Track record of 99.99% system availability
- Enterprise class SSAE 16 tested data centers and solution
- Legally binding with court-admissible audit trail
- Multiple signer authentication options
