

PEAKHealth Mobile App for Health First Colorado (Colorado Medicaid Program) & CHP+ Clients Now Available

The Department of Health Care Policy and Financing has launched the new PEAKHealth mobile app. PEAKHealth gives Health First Colorado (Colorado Medicaid Program) and Child Health Plan *Plus* (CHP+) members a simple way to keep their information up to date and access important health information right from their phone.

PEAKHealth is for **current** Health First Colorado and CHP+ clients who have a Colorado.gov/PEAK account. PEAKHealth is **not** for people who want to **apply** for benefits.

PEAKHealth will help Health First Colorado and CHP+ clients to search for a provider, view their medical card, update their income and contact information, view benefit information, make a payment and access health and wellness resources.

PEAKHealth can be downloaded at the [Apple iTunes Store](#) or [Android/Google Play App Store](#) for free. For more information on the PEAKHealth mobile app view this [video tour](#).
