

TEST	Fees per sample		TEST SETUP	SAMPLES	RESULTS *	COMMENTS
	1-10	>10				
<b>ANAPLASMOSIS</b>						
Anaplasmosis c-ELISA	\$9.00	\$7.00	Daily	2 ml/serum	Same day*	cattle, ask about other species
<b>BLUETONGUE VIRUS</b>						
Bluetongue Virus (BTV) AGID	\$7.25	\$5.75	M-Th	2 ml/serum	24hr-48hr	sheep, cattle and other ruminants
Bluetongue Virus (BTV) c-ELISA	\$7.25	\$5.75	Daily	2 ml/serum	Same day*	sheep, cattle and other ruminants
<b>BOVINE LEUKOSIS VIRUS</b>						
Bovine Leukosis Virus (BLV) AGID	\$6.00	\$4.75	M-Th	2 ml/serum	24hr-48hr	cattle
Bovine Leukosis Virus (BLV) ELISA	\$6.00	\$4.75	Daily	2 ml/serum	Same day*	cattle
<b>BRUCELLOSIS</b>						
<i>B. abortus</i> BAPA	\$4.00	N/A	Daily	2 ml/serum	Same day*	bison, yak, cattle, swine, goat, call about others
<i>B. abortus</i> Card Test (CT)	\$4.00	N/A	Daily	2 ml/serum and plasma	Same day*	When requested by submitter
<i>B. abortus</i> FPA	\$4.00	N/A	Daily	2 ml/serum and plasma	Same day*	When requested by submitter
<i>B. abortus</i> Isolation	\$34.00	\$2.75	Call	Tissue, Milk, Semen	15 days	
<i>B. abortus</i> Identification	\$68.00	N/A	Call	Isolate	7 days	
<i>B. abortus</i> Standard Plate Test (SPT)	\$4.00	N/A	Daily	2 ml/serum	Same day*	When requested by submitter
<i>B. canis</i> 2-Mercaptoethanol Tube Agglutination Test	\$15.00	N/A	Call	2 ml/serum	48hr	dog
<i>B. canis</i> Isolation	\$18.00	N/A	Call	serum with clot or heparinized blood	15 days	dog
<i>B. canis</i> Identification	\$12.00	N/A	Call	Isolate	7 days	dog
<i>B. melitensis</i> 3% Card Test	\$4.00	N/A	Daily	2 ml/serum	Same day*	goat
<i>B. ovis</i> ELISA	\$7.00	\$6.00	Daily	2 ml/serum	24hr-48hr	sheep
<i>B. ovis</i> PCR	\$12.00	N/A	Call	Semen	3 to 5 days	sheep
<i>B. ovis</i> Isolation	\$18.00	N/A	Call	Semen, Tissue	15 days	sheep
<i>B. ovis</i> Identification	\$12.00	N/A	Call	Isolate	15 days	sheep
<b>BOVINE VIRAL DIARRHEA</b>						
Bovine Viral Diarrhea (BVD) ELISA	\$7.00	N/A	Daily	Serum/Ear Notch	Same day*	cattle, bison, yak, alpaca

TEST	Fees per sample		TEST SETUP	SAMPLES	RESULTS *	COMMENTS
	1-10	>10				
<b>EQUINE INFECTIOUS ANEMIA</b>						
Equine Infectious Anemia (EIA) AGID	\$8.00	\$6.00	M-Th	2 ml/serum	24hr	horse, mule, donkey
Equine Infectious Anemia (EIA) ELISA	\$8.00	\$6.00	Daily	2 ml/serum	Same day*	horse, mule, donkey
<b>JOHNE'S DISEASE</b>						
<i>Mycobacterium paratuberculosis</i> (Johne's) ELISA	\$4.75	\$3.75	Daily	2 ml/serum	Same-24 hr	cattle, sheep, goat
<i>Mycobacterium paratuberculosis</i> Direct Fecal PCR	\$20.00	N/A	Call	Feces	3 to 5 days	cattle, ask about other species. If requesting pooling, pools will be done in the lab and consist of 5 or less individual fecal samples.
<b>PSEUDORABIES</b>						
Pseudorabies Virus ELISA	\$4.00	N/A	Daily	2 ml/serum	Same day*	swine
<b>SCRAPIE</b>						
Scrapie Genotyping Codon 171	\$13.75	\$11.00	Call	Whole blood-EDTA/FTA Card	5 to 10 days	sheep
<b>SMALL RUMINANT LENTIVIRUS (FORMERLY CAPRINE ARTHRITIS ENCEPHALITIS/OVINE PROGRESSIVE PNEUMONIA VIRUS)</b>						
Small Ruminant Lentivirus (SRLV) c-ELISA	\$7.25	\$5.75	Daily	2 ml/serum	Same day*	goat, sheep
<b>TRICHOMONIASIS</b>						
<i>Trichomonas foetus</i> InPouch™ Culture (Unofficial Test)	\$5.00	N/A	Daily	Preputial Wash	5-7days	Positives are confirmed by PCR at submitter's expense. Samples must be received within 48hrs of collection.
<i>Trichomonas foetus</i> PCR	\$25.00	N/A	Daily	Preputial Wash	48-72hr	Differentiates <i>T. foetus</i> from intestinal Trichomonads. Samples must be received within 72 hours of collection.
<i>Trichomonas foetus</i> Pooled PCR	\$35.00	N/A	Daily	Preputial Wash	48-72hr	Lab will pool between 2 and 5 samples, multiple owners will not be pooled. Must be received with 72 hrs.

Upon submission of samples to RMRAHL, samples become the property of RMRAHL and may be forwarded to other laboratories to complete your submission request  
Laboratory services and fees are subject to change.

\* if received by 10 am. Samples received after 10 am may be tested the next business day unless arrangements with RMRAHL have been made.
