Notes:

- 1 The findings reported in this table are best interpreted in comparison to the age and gender distribution of the total workforce; however, Colorado Office of Labor Market Information (LMI) does not provide this data.
- 2 Widths of age group categories vary from those in Table 15. The groupings here reflect those used by the Division of Workers' Compensation (DOWC).
- 3 Total number of lost-time claims is 27,243; one-hundred eleven (111) claims were missing data for gender.

Both males and females, aged 50-59 years, file the greatest percentage of lost-time claims.
