Notes:

- 1 The status of the claim is based on documents filed with the Division of Workers' Compensation, as of January 22, 2013. An "Admitted" claim is one for which a document with some indicator of liability has been filed, including a Fatal Admission or a Final Pay Notice. A "Denied" claim is one for which a "Notice of Contest" has been filed, advising that the payer has not accepted liability for the injury or disease.
- 2 Some of the cases have had a change of claim status during the course of the claims, but the majority were consistently one status.
- 3 An "Indeterminate" claim is one for which no evidence of an admission nor a denial has been filed. Of the "Indeterminate" claims, eight (8) have been resolved with a settlement.
- 4 The total number of lost-time claims filed is 24,372; one hundred forty-seven (147) claims were missing data on gender.
