Notes:

* Counts less than three (3) are suppressed to protect confidentiality of death records.

1 The information in this table is derived from death certificates when available and was reported by a relative, or in their absence, the coroner or physician who completed the death certificate.

2 Not Otherwise Classified.

Accidents involving motor vehicles were the cause of death in about 40% of fatal claims filed, but were less than 4% of all lost-time injury claims filed.
