1 Information on specific characteristics in this table was primarily derived from death certificates and was reported by a relative, or in their absence, the coroner or physician who completed the death certificate. Some missing data (age, gender) was filled from the First Report of Injury.

2 Missing categories can include cases with no death certificate. In some cases, missing data was filled by data from the First Report of Injury.

3 No Blacks, American Indians or Italians were also identified as Hispanic.

*In 2013, the greatest percentage of fatal claims was for workers 50-59 years.*
