An "Admission" is a claim for which a document with some indicator of liability has been filed, including a Fatal Admission or Final Pay Notice. A "Denial" claim is one for which a "Notice of Contest" has been filed, advising that the payer has not accepted liability for the injury or disease. A "Settled" claim is one where a financial or other terms are agreed upon by the parties and the claim is closed by the agreement.

2 "Admission" counts also include those claims first denied then later admitted.
