Re: Underage Gaming / Lingering Compliance Checks

Beginning in January of 2019 the Division of Gaming will increase the number of underage compliance checks at all the casinos in Cripple Creek, Black Hawk and Central City. The Division of Gaming takes underage gaming seriously and as we work in partnership with the casinos it is our obligation to ensure underage compliance occurs. If you have any questions about what a compliance check may entail please reach out to Chief Kirsten Gregg Kirsten.gregg@state.co.us for Central City and Black Hawk or AIC Phil Spencer Philip.spencer@state.co.us for Cripple Creek.
