## **INDUSTRY-WIDE BULLETIN: 18-11**

### **RE: LABELING OF UNIVERSAL SYMBOL ON SEALED VAPORIZER CARTRIDGE, DISPOSABLE VAPORIZER PEN, OR SYRINGE-TYPE DEVICE WITH AN INTENDED USE THAT IS LISTED IN MED RULE M & R 1003-1**

Dear Marijuana Industry Stakeholders:

This Industry-Wide Bulletin is intended to inform Licensees about upcoming changes regarding labeling requirements, **and does not replace each licensee's responsibility to read and comply with all applicable laws and rules.**

The State Licensing Authority has adopted permanent rules which become effective January 1, 2019. The full set of these newly adopted rules can be found on the Division [MED Rules](#) webpage. Included in these adopted rules is a new provision, which clarifies and makes express that while sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices for which all intended uses are listed in Rules M & R 1003-1(B) are not required to be in a Child-Resistant package, they must be labeled with at least the Universal Symbol pursuant to Rules M & R 1002-1. The exact rule language in MED Rules M & R 1002-1 (C)(2) and MED Rules M & R 1002-1 (D)(1)(a) states:

*...A sealed vaporizer cartridge, disposable vaporizer pen or syringe-type device that is within an intended use that is listed in Rule M[R] 1003-1(B) and that is not an Alternative Use Product must be labeled with at least the Universal Symbol, but is not required to include **"Contains Marijuana. Keep away from children."**, prior to Transfer to a patient[consumer]. The Universal Symbol shall be legible no smaller than ¼ of an inch by ¼ of an inch. Nothing in this Rule authorizes the use of a syringe for any type of injection involving a needle piercing the skin.*

The State Licensing Authority's adoption of this language is intended to further protect public health and safety by enhancing patients', consumers' and other stakeholders' ability to identify products containing marijuana.

#### **Medical Marijuana Businesses and Retail Marijuana Establishments:**

- **Optional labeling of the Universal Symbol on sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices with an intended use that is listed in Rule M 1003-1(B) – Until September 30, 2019**, Medical Marijuana Businesses and Retail Marijuana Establishments have the option to apply the Universal Symbol to all medical and retail sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices for which all intended uses are listed in Rules M & R 1003-1(B) prior to Transfer to a patient or consumer.

- **Mandatory labeling of the Universal Symbol on sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices with an intended use that is listed in Rules M & R 1003-1(B) – Beginning October 1, 2019**, Medical Marijuana Businesses and Retail Marijuana Establishments shall apply the Universal Symbol to all sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices for which all intended uses are listed in Rules M & R 1003-1(B) prior to Transfer to a patient or consumer, unless the exception below applies.
- **\*Exception – Limited Medical Marijuana Center and Retail Marijuana Store Sales Period –** Until **July 1, 2020**, Medical Marijuana Centers and Retail Marijuana Stores may sell sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices within an intended use that is listed in Rules M & R 1003-1(B) that is not labeled with the Universal Symbol **only if** the sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices within an intended use that is listed in Rules M & R 1003-1(B) was Transferred to, and accepted by, the Medical Marijuana Center or Retail Marijuana Store **prior** to October 1, 2019 (this limited duration of permissible sales are hereinafter referred to as the “Limited Sales Period”).<sup>1</sup>

The Limited Sales Period is offered to facilitate industry compliance with the required and consistent labeling of the Universal Symbol on sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices within an intended use that is listed in Rules M & R 1003-1(B) requirement.

After July 1, 2020, under no circumstances may a Medical Marijuana Center or Retail Marijuana Store Transfer sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices within an intended use that is listed in Rule M 1003-1(B) that are not labeled with the Universal Symbol.

Any Medical Marijuana Business or Retail Marijuana Establishment in possession of sealed vaporizer cartridges, disposable vaporizer pens or syringe-type devices that do not display labeling compliant with the rules and this industry bulletin shall follow waste disposal procedures pursuant to Rules M & R 307, 1 CCR 212-1 and 1 CCR 212-2.

A complete copy of the adopted Medical Marijuana Rules, 1 CCR 212-1, and Retail Marijuana Rules, 1 CCR 212-2 are accessible at the Division’s website at the following link:
