Dear Provider,

The rates posted on the current [Physician Administered Drug Fee Schedule](#) for Quarter 3, effective July 1, 2018, have not yet been loaded to the Colorado interChange system. As a result, these codes are not being processed for payment and claims are suspending for EOB 0000 – "The Claim/Service is Pending for Program Review."

The Department and DXC Technology (DXC) are currently working on getting these rates loaded into the Colorado interChange system and anticipate this to be completed within the next several weeks. Claims affected by this issue will be reprocessed by DXC.

Thank you,

Department of Health Care Policy & Financing
