Cardiovascular BP+

Level	Definition of Level	Reimbursement
BP+ initial assessment	Initial assessment screening/re-screening services. Results are normal and require no further action or are evaluated as required.	\$30 Integrated office visit is paid separately by WWC (not included here). The minimum data elements for BP+ reimbursement are: Chronic Disease History, Medications, Smoking Status, Height, Weight and at least 1 blood pressure reading (systolic/diastolic).
BP+ follow-up screening assessment	Follow-up screening assessment. Collecting of follow-up assessment and BP+ measures. Can be awarded upon completion of Diabetes Prevention Program (DPP) OR Health Coaching OR Cooking Matters	\$30 The minimum data elements for BP+ reimbursement are: Chronic Disease History, Medications, Blood Pressure Self-Monitoring, Diet, Physical Activity, Smoking Status, Quality of Life, Height, Weight and at least 1 blood pressure reading (systolic/diastolic).

**If enough information is collected to qualify the client for a level 1 payment the \$30 paid will be adjusted against the level 1 payment. The follow-up BP+ will be \$30 additional to whatever level has been paid out in eCaST.
