Payment Processing & Mobile App

No-cost setup for governments to accept eChecks, online, mobile and over-the-counter payments through a secure web-based application. This application integrates with CORE and various accounting programs.

- Credit card readers included
- Robust reporting
- All 4 major credit cards accepted
- Easy interface for staff and constituents

Security Features

- Merchant of record
- SOC 1 & SOC 2 audit
- Highest level of PCI compliance
- Absorbs back chargeback fees
- Cyber protection
- Local support desk in Denver
- Funds held in PDPA account

Fee Structure

The convenience fees may be absorbed by the government or passed as a convenience fee to constituents.

Credit Card Transactions:
Transaction Amount +((Transaction Amount + $0.75)x 2.25%) + $0.75

eCheck Transactions:
Transaction Amount + $1.00

Payments OnTheGo

Securely accept payments from mobile devices, smartphones and tablets anywhere, anytime.

- View receipt & transaction history directly on devices
- Card reader encrypts card data at swipe
- Works even when outside cell or Wifi range

How to Partner with SIPA

Visit SIPA's website to find the EGE agreement and service request form www.colorado.gov/SIPA

Eligibility
Colorado state and local governments, special districts, K-12 and public universities can work with SIPA.

Get Started
The first step is to complete an Eligible Government Entity (EGE) Agreement.

Request a Service
Request a service through the service request form on the SIPA website.
