Salesforce.com

Salesforce.com allows governments to collaborate, connect and engage by collecting constituent information to communicate more quickly and efficiently.

- FedRAMP, DoD IL2, HIPAA, NIST, PCI DSS Level 1, ISO 27001/27018, SOC 1, 2, 3
- Customer Relationship Management (CRM)
- Integration connectors for internal and external systems
- Customizable platform
- Fast and easy set up with no hardware or software installation

SIPA has been running its operations on Salesforce.com since October 2011 and it has allowed us to keep up with a workload that has grown through new customers by more than 150 percent. This tool is very powerful, is offered as a software/platform service and has a lot of flexibility in terms of use.

HOW TO PARTNER WITH SIPA

Visit SIPA’s website to find the EGE agreement and service request form www.colorado.gov/SIPA

Eligibility

Colorado state and local governments, special districts, K-12 and public universities can work with SIPA.

Get Started

The first step is to complete an Eligible Government Entity (EGE) Agreement.

Request a Service

Request a service through the service request form on the SIPA website.
