

Home Care Allowance meeting with Danielle Dunaway

Meeting with PACE to gauge interest in assessment tool

Set up meeting with Brittani to discuss I&E flow.

Adam Tucker and Jen Martinez on the call around PC and Settings

Omni, Impact, or Bob Satler for the vision statement.

Biweekly meetings with visioning contractor

### **Meeting with Jen Martinez**

Have 6 outstanding REIs now, with 4 amendments that still need to go in.

Originally submitted between April and September 2014.

Majority are related to compliance with new settings rules, transition plan, and several person centered. Specific PC was about allowing client need and preference for where assessment takes place. Currently want to conduct it at home to see how the home looks; if at 8pm at McDonald's will need to figure out how they can make this work.

As far as verbiage, have been able to say "we will be working towards this by this date". Have had to continue to amend with the updated date.

*Get copies of all RFPs, waiver amendments, and REIs from CMS.*
