

ZONING USE PERMIT (ZUP)

A. Application:

Application for a Zoning Use Permit (ZUP) shall be made to the Logan County Zoning Administrator for evaluation and decision on an official form provided by zoning authority office. The ZUP application shall only be accepted if there is authority to issue one in the zoning district for which the request is made. The applicant shall provide the Zoning Administrator a site drawing with dimensions, distance of structures from center of road ways, location of wells (with distances noted to other features), location of liquid waste systems to include trench lines, notation of any known surface drainage or flood retention areas, utility access points and driveway locations.

B. Staff Action:

When all information requested for an application for a ZUP is submitted to the Zoning Administrator, the administrator shall review the application for completeness, conformance with the Zoning Regulation and approve or deny the request. If approved the Zoning Administrator shall collect the appropriate fee and issue the ZUP. If denied the permit shall be so noted, dated and filed. The applicant shall be notified of their right of appeal to the decision in accordance with Section 9.6 of the Logan County, Colorado, 1990 Zoning Resolution.

C. Planning Commission Action:

The Zoning Administrator may determine the applicants request is questionable as to the authority granted in the zoning district. In such cases the Zoning Administrator shall request the Secretary of the Logan County Planning Commission to place the ZUP request on the next agenda for review by the Logan County Planning & Zoning Commission. There the Commission shall recommend approval, disapproval, or conditional approval of the application by means of a Resolution. Conditions attached shall be enumerated in the Resolution. The Commission decision shall be transmitted to the Board of County Commissioners in writing within seven (7) working days after a decision is made by the Planning Commission.

D. Board Action:

After the Commission decision is received by the Board of County Commissioners, the request shall be set for action by the Board at its next regularly scheduled meeting. The Board may affirm or reverse the action of the Logan County Planning & Zoning Commission decision or alter or add conditions. If the action of the Board is for approval or conditional approval, the Zoning Use Permit shall be in effect at once.

E. ZUP Authority:

The authority of a ZUP pertains to *a use only*. The ZUP does not alter the zoning district in which it is authorized. The ZUP does not grant a non-conforming status of use [i.e.: if issued for placement of a residentially designed manufactured home in an Agricultural District *the ZUP would be for that home only*. Replacement of the home would require a new ZUP]. ZUP's are an administrative tool to assist the public in obtaining authority for zoning uses in specific zoning districts. The ZUP may only be utilized if authorized in a specific zoning district by the zoning authority.

F. Re-Application:

No person shall apply for a Zoning Use Permit for the same use on the same plot or lots within a period of six (6) months from the date of final decision or denial of such previous application.
